Eastlake Cricket Club Statistical Records

1989/90 to 2021/22

Foreword

This has been a work a number of years in the making, with the aim always of having a complete, or as complete as possible, statistical history of South Canberra/Eastlake Cricket Club from the amalgamation of Easts and Woden Valley in 1989 to present day for the club's Centenary. That is in no way to take away from or ignore the rich heritage of the other clubs which make up Eastlake's history – rather a practical assessment of what was going to be possible with the records that were accessible and the time available. It is my hope to continue to build on this and go further back into our statistical history.

It follows then that this is a living document – it will continue to evolve and grow as more matches are played and as old scorecards are (hopefully) found. It is also worth noting that the stats are only as thorough as what was recorded at the time or what has been available – for example, most run outs prior to electronic submission of scores were not recorded in scorebooks, or if a catch was taking a 'keeper or outfielder, or even who the 'keeper was. Or, if a player's season stats were taken from an annual report or from The Canberra Times in lieu of a missing scorebook it probably won't include some details like boundaries, maidens, or partnerships.

Unfortunately, I have not had access to many 6th Grade scorebooks (from seasons when there was a 6th Grade in the competition), so these are largely not included – I also hope to rectify this in time as much as possible.

These statistics may vary from other ACTCA/Cricket ACT statistics as they will include any official and proper competition match played by Souths/Eastlake Grade/Premier and Women's sides, for example SCG/Country Cup and T20 which other statistics may not include or record separately. It also does include statistics from the new Women's 1st Grade competition, noting that it is as a joint Eastlake/Queanbeyan team.

My thanks to a number of people for trawling through their memories/old annual reports when I've had questions – Peter Thomson, Darce McKerihan, Wayne Crouch, Brad Bretland, Grant Woodbridge, Peter Rohl, Tim Broue and Phil Winter spring to mind. But special mention to Gary Molineux who has patiently answered many emailed questions over the years, particularly after I moved from Canberra!

Scorecards from the following seasons are missing (noting the reference to 6th Grade earlier):

- 1st Grade: Three matches from 1996/97 (season scorebook missing but full scorecards of most matches taken from The Canberra Times)
- 2nd Grade: 1995/96 (a limited number of figures taken from The Canberra Times)
2007/08
- 3rd Grade: 1995/96 (a limited number of figures taken from The Canberra Times)
1997/98
2008/09
- 4th Grade: 2000/01
2004/05 (season stats taken from the annual report)
2008/09
- 5th Grade: 1991/92 (season stats taken from the annual report)
1995/96 (a limited number of figures taken from The Canberra Times)
1996/97
1997/98 (first half of the season missing)
1998/99 (season stats taken from the annual report)
1999/00
2007/08

If you know the location of any missing scorebooks please let me know on camallen29@hotmail.com.

I hope that you enjoy reading the statistics and that they bring back many fond memories. Congratulations to Eastlake CC and all its great people on bringing up a great century!

Cheers,
Cam Allen

*Obviously these cap numbers are only for South Canberra/Eastlake CC, and not any clubs prior to the amalgamation in 1989. This is deliberate – as an example, a player from South Woden’s first match would have expected to be cap number 5 (as an example) and couldn’t have predicted that through many future amalgamations they would end up being part of a chain of clubs going back 100 years. My end goal would be that all 1st Grade players would have at least two cap numbers – one for that club, and one for the overall line of clubs that has become the modern Eastlake CC.
